Simma,

I'm sending you three crosswalk documents.

The first is EPA internal comments on Section I of the crosswalk. Section I was the first section of the crosswalk FL sent us and EPA's review (minus yours) is complete.

The second is the updated crosswalk which includes Section I (without change) and new Sections II, III, and IV. It does not contain any EPA comments.

The third is Jeff Speir's comments on Sections II, III, and IV.

If you had to print out just one, I'd print out the second document since it contains all sections, it just won't have EPA's comments.

Thanks,

Matt

Rosemary, could you please add me to the sharepoint site, so that I can access the documents?

However, I am on my way out of the office for a week, so in the meantime, could someone please email me the latest crosswalk in the next half hour, to print out before I leave?

THANK YOU!!

Simma

Hey everyone!

We incorporated the EPA suggestions and also added a draft legislation discussion. I will place the draft legislation into the shared drive in just a little bit for your review.

Thanks!

Kristen, Meghan and I spoke yesterday and went over a few issues that we may want to include in the agenda, or they could fall under the miscellaneous category. I wanted to flag them so we all can be prepared to discuss.

- 40 CFR 233.50 covers EPA's review of and objections to state permits. Meghan I thought it would be helpful for all of us to go through that and understand the step by step process involved. Particularly where there may be objections to address.
- Existing permits, administratively continued permits and permit duration. Just to close the loop on this discussion.

- State definition of Waters of the State, and how that applies in the context of 404 assumption.

Thanks

Phil

Good afternoon,

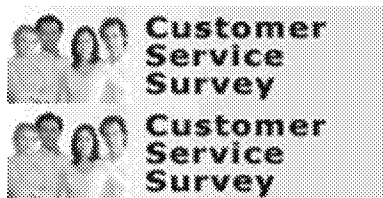

The crosswalk in its entirety, labeled with today's date, is in your SharePoint folder. We apologize for the delay. After discussing yesterday, we were able to get the internal review expedited.

Also, please see the attached agenda for next week's face-to-face. We look forward to seeing everyone next week.

Thank you,
